It wastes neither the investment of the purchaser, nor does its charm last but for a few years. It's master design—it's charm, enhances the beauty of the home and its owner never tires of it as the time rolls by. It's construction carries it through years of enduring service, hence it stands the test of time.

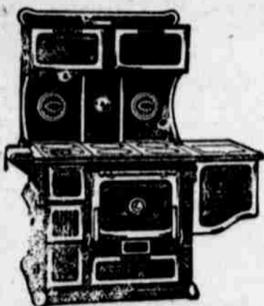

The prices are most moderate, consistent with high quality, and our selections are made to meet the most elaborate requirements

The Copper-Clad Cabinet Range

**LOOKS BEST
COOKS BEST
AND CLEANS
LIKE A DISH**

The Copper-Clad is a Plain Range. It is smooth like a dish. It has no rivet and bolt heads on the nickel. It has no hinges, catches or latches on the outside. They are all inside like an automobile body. The ebonzied iron is framed with a silver nickel, making it the most beautiful range in the world. The ebonzied iron never cracks, peels or discolors. It wipes clean like a dish. The best thing about a Copper-Clad is that it outlasts any range, because lined with pure sheet copper where other ranges rust out. Between the sweaty asbestos and range body or outer casing is a sheet of copper that keeps the body perfectly dry and free of internal rust.

NO OTHER RANGE HAS THIS FEATURE

Utah Industrial Review

Pacific Coast Manufacturer and Industrial News Bureau

Aug. 4.—Salt Lake City—Robert C. Gemmell, general manager of the Utah Copper Co. has announced the following increase in wages: At Bingham all day-labor formerly paid more than \$3.25 a day receive an advance of 75 cents per day, and all day-labor paid \$3.25 per day or less receive an advance of 70 cts. per day. These changes are effective as of July 16th. At the Garfield concentrating mills and leaching plant wage changes are as follows: All day labor formerly paid more than \$3.25 per day will receive an advance of 75 cents, and all day-labor paid \$3.25 per day or less will receive an advance of 60 cents per day. These changes are effective as of July 16th. Mr. Gemmell says that present conditions do not justify increase made but a living wage requires it and company is basing advance on future prospects.

Salt Lake City—Crop conditions in Utah are not seriously below normal in spite of the drouth, and there is no occasion for alarm on the part of the sugar industry, according to J. W. Jones, sugar beet expert for the United States Department of Agriculture.

The month of July will witness an actual reduction in the volume of unsold copper surplus which has been piling up since last November.

A company has been incor-

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts upon the blood of the mucous surface of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.

NOTICE—United States Land Office, Salt Lake City, Utah, July 28, 1919. To Whom it may Concern: Notice is hereby given that Robert Murdock has filed in this office an application for lands selected by the said Robert Murdock under the act of Congress approved February 28th, 1919 in exchange for certain lands as provided in said act; the said lands so selected and applied for in said application, Serial 024603 being: Lots 5, 6 and 7; southwest quarter of northeast quarter, west half of southeast quarter, southeast quarter of northwest quarter and east half of southwest quarter of section one (1); northeast quarter of northwest quarter and northeast quarter of section twelve (12), Township 14 North, Range 5 West, S. L. M. West half southwest quarter of section 5 South half northeast quarter, south half northwest quarter and south half of section 6 Northwest quarter of section 7 East half northeast quarter of Section 20, Township 14 North, Range 4 West, Salt Lake Base and Meridian. Copies of this notice have been conspicuously posted in this office for inspection by any person interested and by the public generally. During the period of publication of this notice, or any time thereafter, and before final approval and patent, protests or contests against the claim of the applicant to any of the tracts or subdivisions hereinbefore described, on the ground that the same is not open to such selection or is mineral in character, will be received and noted for report to the General Land Office, Washington, D. C. Failure so to protest or contest within the time specified, will be considered sufficient evidence of said lands being open to selection and non-mineral in character, and will be reported to the Department for appropriate action. GOULD B. BLAKLEY, Register. Date of first publication August 2, 1919. Date of last publication August, 30, 1919.

porated for the purposes of prospecting and developing the oil territory in the Moab valley and in the vicinity of Valley City.

Roosevelt—Granite school to get \$7,549.98 worth improvements.

Salt Lake—6 one-story buildings soon to be erected here at cost of \$30,000.

Mantua—\$200,000 club house to be built at fish hatchery near here.

While educated, college and technical help is abundant there is increasing scarcity of farm and common labor over the country.

Salt Lake—Emigration Canyon road to be improved.

Ogden—Project proposed to irrigate nearly all of Weber county.

Salt Lake—\$50,000 improvements to be made at Wilkes theatre.

Oil reported struck at 400 ft. in Gustavson Oil Co's. well in Diamond Fork field.

Salt Lake—Orders issued for stage line to Uintah.

Silversmiths report great scarcity of bar silver. One New York factory employing 1000 less hands in manufacture of silverware.

Ogden—\$40,000 improvements to be made to Shupe Williams Candy Co's. factory.

Parowan—Coal mine being opened up in Maple canyon.

Brigham City—Work starts on new \$4000 business block.

Ogden—Preliminary surveys of proposed irrigation canal from Bear River being made.

Sandy—\$20,000 apartment house for school teachers to be built.

Losing the conservative farmer vote only hope of the North Dakota Non-Partisan league is to line up the labor vote.

Brigham City—Bonneyville Sand & Gravel Co. incorporated.

Companies operating as reciprocal of interinsurance exchanges in Utah now number eight, some of which never before operated in the state.

Lava Hot Springs State Bank to erect \$25,000 building.

Salt Lake—Old Sierra-Nevada mill building to be converted into modern warehouse, costing from \$15,000 to \$20,000.

Cedar City—A plan is on foot to construct a road up Parowan

canyon. Conditions surrounding copper industry gradually improving. A new high level electrolytic copper reached in sales for September shipment at 20 1-2 cents lb. Higher prices appear inevitable.

Supposing the state regulated the price at which grocery stores could sell to consumer but left the farmer free to charge grocers any amount he could screw out of them. Everyone would say it was unfair and yet that is exactly position of public utilities today.

tate to erect power line from Cedar City to St. George to supply electrical energy for machinery and trucks used in highways construction.
